OREGON-GROWN HARDY LILIES

A List of the Best of the ~~Old and New~~ ^{NEW} 1932

A mass-planting of Lilium Sulphureum

**FALL 1932 &
SPRING 1933**

For best results, buy bulbs
that are fresh and healthy
— direct from the grower.

YEREX LILY GARDENS
TIGARD, OREGON

AMABILE. The name, meaning "lovable", is very appropriate. The plant is low growing, but the flowers are quite large and of fiery orange-scarlet with maroon markings. A group planting of this lily will make one of the brightest spots in your garden. 18 inches to 2 feet. June. 25c each, \$2.50 per doz.

BROWNI. The true form, very scarce. This is one of the finest lilies in cultivation. A noble pot plant. Immense trumpet flowers, pure white on the face with brown anthers and deep reddish brown externally. 2 feet. July. Flowering size \$2.00 each. Large selected bulbs \$3.00 each.

CANADENSE. The meadow lily of Canada. Graceful bells minutely spotted, varying from red to yellow. 4 feet. Late July. 20c each, \$2.00 per doz.

DAVIDII. A fine, hardy species from China, introduced by Mr. Wilson. Flowers orange-red with dark spots. It resembles somewhat the beautiful *Lilium Willmottiae*, but grows taller and blooms later. 5 to 6 feet. Late July. 3 to 5 inches circumference, 40c each, \$4.00 doz.; 5 to 7 inches, 60c each, \$6.00 per doz.; 7 inches up, 80c each, \$8.00 per doz.

HANSONI. A choice Korean species bearing many handsome yellow flowers. Petals thick and durable. Very dependable, but prefers leaf mould and partial shade. 3 to 4 feet. June. 35c each, \$3.50 per doz.; 50c each, \$5.00 per doz.

HENRYI. Sometimes called "the Yellow Speciosum". Very vigorous. One of the easiest lilies to grow. Flowers orange-yellow, banded green. An excellent cut flower.

5 to 7 inches (blooming)	20c each, \$2.00 doz., \$12.00 per 100
7 to 8 inches	30c each, \$3.00 doz., \$20.00 per 100
8 to 9 inches	40c each, \$4.00 doz., \$30.00 per 100
9 to 10 inches	50c each, \$5.00 doz., \$40.00 per 100
10 to 11 inches	65c each, \$6.50 doz., \$50.00 per 100

HUMBOLDTII magnificum. A fine California lily, very vigorous and showy. Flowers yellow, purple spotted, flushed with crimson. 4 to 5 feet. June-July. 40c each, \$4.00 per doz.

KULSHAN. One of Dr. David Griffiths' beautiful new hybrids, offered for the first time. A tall and vigorous grower. Many large, orange-yellow flowers, spotted maroon. An aristocrat, containing blood of Pacific Coast native lilies only. 5 to 8 feet. July. \$5.00 each.

MARTAGON ALBUM. A very pretty and dependable little alpine species. Flowers pure white and waxy. Excellent for rock or wild garden. 2 to 3 feet. June. 40c each, \$4.00 per doz.

MARHAN, "Ellen Willmott". This is one of the best martagon hybrids yet introduced. It originated in England and is still very scarce. Petals thick and waxy, color rosy-buff. 5 to 7 feet. June. \$2.00 each.

MAXIMOWICZII. An Asiatic species resembling the Tiger Lily, but of better color and having a larger head of bloom. 5 to 7 feet. August. 6 to 8 inches circumference, 30c each, \$3.00 per doz.; 8 inches up, 40c each, \$4.00 per doz.

OCCIDENTALE. A very pretty but rare species, native of the coast of Southern Oregon and Northern California. Foliage deep green. Flowers blood-red with yellow centers spotted maroon. 4 feet. June. \$1.00 each, 4 for \$...

PARDALINUM (Leopard Lily). One of the finest of all lilies. Hardy anywhere and easy to grow. Thrives best with plenty of moisture during the growing season. Native of Oregon and California. Bulbs increase rapidly, forming

Lilium Pardalinum Giganteum rises majestically above the perennial border

large clumps. The inner half of the petal is bright orange, maroon spotted, while the outer half is rich orange-scarlet. Sometimes called the flame flower. 5 to 7 feet. June. Fine bulbs, 25c each, \$2.50 per doz.; very large, 35c each, \$3.50 per doz.

PARDALINUM giganteum. A magnificent Pacific Coast hybrid lily, resembling its parent, L. Pardalinum, but taller, more vigorous and with flowers of richer color. Discovered in an old Oregon garden where it has been thriving with little care for nearly 50 years. We have been distributing it for the past four years and it is fast becoming famous through-

out the horticultural world. During the current year it has been highly commended by leading authorities both in England and America. Small flowering bulbs, 50c each, \$5.00 per doz.; large, single crown bulbs, \$1.00 each, \$10.00 per doz.; huge, double crown bulbs, \$2.00 each, \$20.00 per doz.

PHILIPPINENSE formosanum. One of the most beautiful and dainty of the trumpet-flowered lilies. The long, slender tube is tinged brown externally, while the face of the flower is purest white and the anthers rich brown. The fragrance is most delicious and spicy. 2 to 4 feet. Late July. Blooming size, 25c each, \$2.50 per doz.; large, 50c each, \$5.00 per doz.

REGALE. This magnificent lily is one of the most satisfactory ever introduced. Its easy culture and great beauty have done much to popularize the whole lily family. The flowers are white, suffused with pink and purple. As many as 25 blooms are borne on the tall, wiry stems. 4 to 7 feet. Early July.

- 5 to 6 in., 10c ea., \$1.00 doz.; 8 to 9 in., 25c ea., \$2.50 doz.
- 6 to 7 in., 15c ea., \$1.50 doz.; 9 to 10 in., 35c ea., \$3.50 doz.
- 7 to 8 in., 20c ea., \$2.00 doz.; 10 to 11 in., 50c ea., \$5.00 doz.
- 11 to 12 in.....65c ea., \$6.50 doz.

SUPERBUM. A very beautiful American lily, tall and vigorous, bearing many large recurving flowers, yellow, spotted maroon in the center and blending to orange and crimson toward the tips of the petals. 4 to 7 feet. Late July. Good bulbs, 20c each, \$2.00 per doz.; extra large, 30c each, \$3.00 per doz.

SULPHUREUM (L. Myriophyllum superbum). Possessing the exotic grace and charm of an Oriental princess, this elegant lily comes from the mountains of Burma. The flowers, of great substance and exquisitely fashioned, are of a most pleasing tone of pale sulphur-yellow. It is the last of the trumpet lilies to flower and for this reason also a great asset to lily lovers. In the past, collected bulbs only have been available. Those who have been disappointed with the bruised and shriveled specimens that have reached them after months of exposure and severe treatment will be delighted with the freshness and strength of our Oregon-grown and propagated stock. 3 to 5 feet. August-September.

- 6 to 7 inches.....\$0.70 each, \$ 7.00 per doz.
- 7 to 8 inches.....\$1.00 each, \$10.00 per doz.
- 8 to 9 inches.....\$1.40 each, \$14.00 per doz.
- 9 inches up.....\$2.00 each, \$20.00 per doz.

TENUIFOLIUM. The Siberian Coral Lily. Bright coral-red. Best for rock gardens. 12 to 18 inches tall. May and June. Blooming, 10c each, \$1.00 per doz.; extra large, 15c each, \$1.50 per doz.

TENUIFOLIUM (Golden Gleam). A fine type, with flowers of a beautiful apricot shade. Very free blooming and a good grower. 25c each, \$2.50 per doz.; large, 40c each, \$4.00 per doz.

TESTACEUM (L. excelsum). Handsome, nankeen-yellow flowers borne on stalks 4 to 6 feet tall. The demand always exceeds the supply of this fine lily. July.

- 6 to 7 in., \$0.75 ea., \$ 7.50 doz.; 8 to 9 in., \$1.50 ea., \$15 doz.
- 7 to 8 in., \$1.00 ea., \$10.00 doz.; 9 in. up...\$2.00 ea., \$20 doz.

WASHINGTONIANUM (Mt. Hood Lily). This fine species from the mountains of Oregon is the principal trumpet-flowered lily native of America. Tall, leafy stems

bear as many as 25 sweet-scented blooms which open white, but change to pink and wine color with age. Collected bulbs often supplied are liable to fail due to bruises and drying. Our garden-grown bulbs are fresh and healthy. Good drainage required. 40c each, \$4.00 per doz.

WILLMOTTIAE. This is one of Mr. Wilson's best introductions from Central China. It ranks among the finest hardy lilies. Foliage long and very deep green. Flowers recurving, bright orange-red. 4 to 6 feet. July.

5 to 6 in., 30c ea., \$3.00 doz.; 7 to 8 in., 50c ea., \$5.00 doz.

6 to 7 in., 40c ea., \$4.00 doz.; 8 to 9 in., 75c ea., \$7.50 doz.

UMBELLATUM grandiflorum. A very showy lily for border planting. The rich orange flowers make a pleasing color harmony with blue delphiniums. 3 feet. June.

6 to 7 in., 15c each, \$1.50 doz.; 7 to 8 in., 20c ea., \$2.00 doz.

8 to 9 in.....30c ea., \$3.00 doz.

UMBELLATUM mahony. A very handsome mahogany-red lily recently introduced from Holland. One of the best of the erect-flowered lilies. 1½ feet. June. 75c each, \$7.50 per doz.

TERMS: CASH WITH ORDER.

SAFE CARRIAGE GUARANTEED.

We guarantee all bulbs to be true to name and of good quality. We also guarantee them to reach the customer in good condition. If bulbs are lost in transit or not good when received we will either replace them or refund the money.

DAMAGE CLAIMS.

Claims for damage must be made immediately upon receipt of shipment.

MINIMUM ORDER.

No bulb orders for less than \$1.00 accepted for shipment to points in the United States and none for less than \$3.00 for shipment to foreign countries. We cannot afford to prepay carriage on smaller orders than these.

CARRIAGE FREE.

We deliver goods at retail prices free of carriage charges within the United States and to foreign countries reached by parcel post.

TIME OF SHIPMENT.

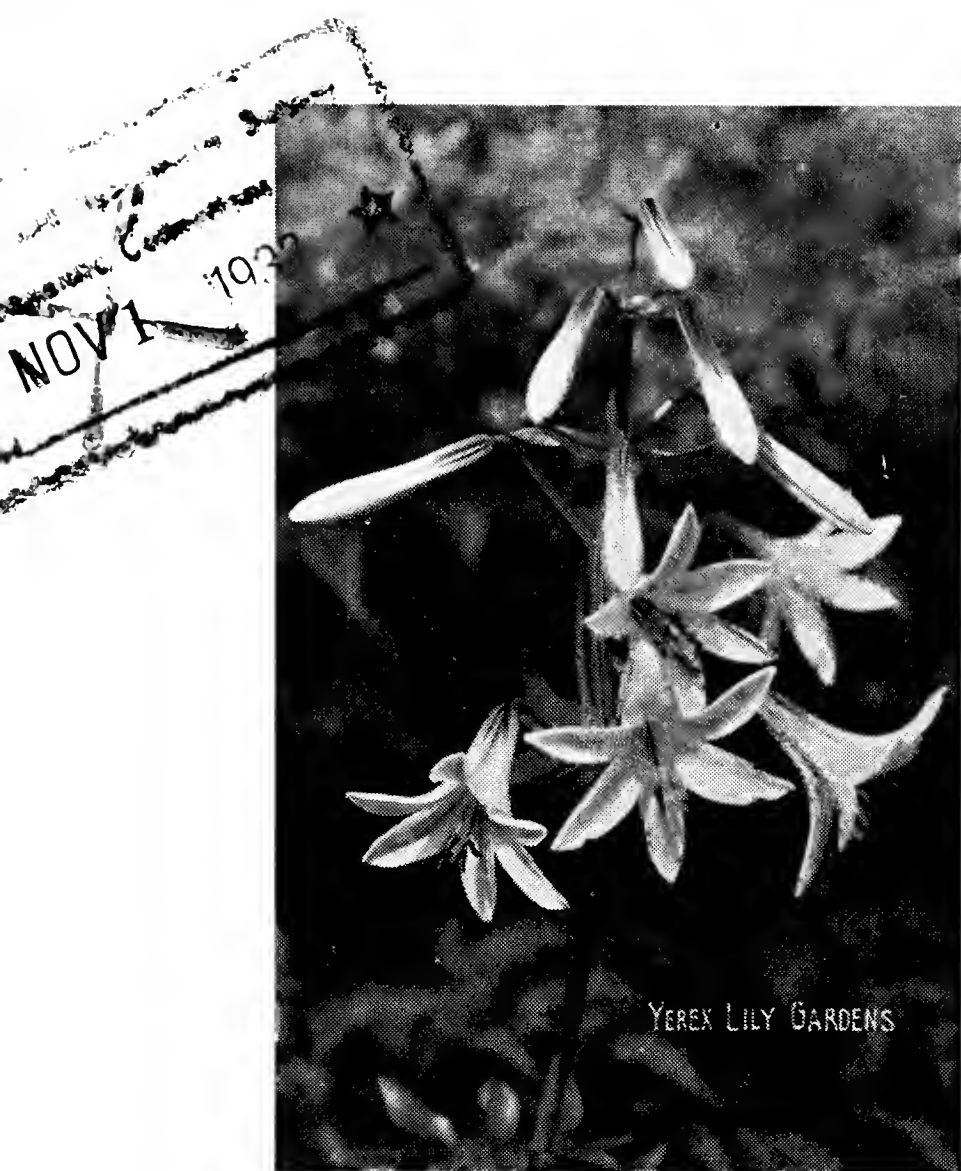

Unless otherwise specified, bulbs will be shipped at digging time in the fall. Most of the lilies listed herein should be planted in the fall for best results, but if for any reason you prefer to receive them in the spring we can arrange to hold them for you. In the case of *L. Sulphureum* we advocate spring planting where winters are severe. Do not wait till spring to place your order, however, lest stock be all sold.

PRICES.

Quotations made for one and per dozen. Six bulbs sent at dozen rate. Fifty bulbs will be sent at price of four dozen and one hundred bulbs at price of eight dozen when stock is sufficient.

REMITTANCE.

Remittance may be made by check, bank draft or postal money order, payable at U. S. Post Office, Tigard, Oregon.

Lilium Washingtonianum

LILIUM SEEDS

The growing of lilies from seed is a delightful enterprise for any gardener who has the time and facilities to devote to it. Our seeds are the best obtainable, but the results depend upon the skill of the grower. The packets are of generous size, the prices varying according to the scarcity of the varieties.
